Transcript quotation from data in a language other than English

Appendix A: Interview data used in the discussion

Interview question: How many years have you studied dance until now? When did you start studying?

Participant 2

嗯，我接触舞蹈大概是在三四岁左右。在 3 岁到 10 岁之间，其实是一个阶段，然后 10 岁开始在专业院校学习。今年 29 岁马上满 30 岁，大概接触舞蹈 26 年左右。

Well, I was introduced to dance when I was about three or four years old. Between the ages of 3 and 10, it is actually a stage, and then at the age of 10, you start studying in a professional college. At the age of 29 this year, I will turn 30 years old, and I have been involved in dance for about 26 years.

Participant 4

我从 4 岁开始学习舞蹈，到现在一共学习了 28 年。

I started learning dance when I was 4 years old and have been studying for a total of 28 years now.

Participant 9

9 岁开始学习舞蹈兴趣班，差不多一共学习了 20 年。

At the age of 9, I started to study dance interest classes, and I have been studying for almost 20 years.

Participant 10

我学舞蹈应该是从幼儿园，应该是五岁就开始学兴趣班。

I should have started learning dance in kindergarten, when I was five years old.

Interview question: In the past, how many hours did you spend about learning and training dance each day?

Participant 1

在中专的时候，几乎 6 年每一天都在练早功，早功是 6 点至 7 点 30 分，晚功是 7 点到 8 点 30 分。每天早晚功的时间就有 3 个小时，加上课程一天至少 6 个半小时。

When I was in art school, I practiced morning exercises every day for almost 6 years, from 6 a.m. to 7:30 a.m. in the morning and from 7 a.m. to 8:30 p.m. in the evening. There are 3 hours of work in the morning and evening every day, and at least 6 and a half hours a day of classes.

Interview question: Have you ever been injured in dance training? Can you share how it has affected you?

Participant 2

小学上舞蹈启蒙班因为下腰的时候把我的腰骶椎伤到了，因为当时是大概 9 岁左右，就会对身高发育造成一些影响，然后是因为那个那次受伤造成心里面还是会对这个事情，每次想起来还是会心里会有些难受。

When I was in elementary school, I injured my lumbosacral vertebrae when I was lowering my waist, because I was about 9 years old at the time, which would have some impact on my height development, and then because of that injury, I still feel a little uncomfortable in my heart because of that injury, and every time I think about it, I still feel a little uncomfortable.

Participant 8

有一次翻技巧把自己那个侧肋骨摔了，然后就有点小骨裂，但是没到骨折。然后从那以后阴雨天的时候就会难受，变成了风湿.....然后跳舞的时间长也会疼痛。其实最主要的是心理上，心理上就不会再去翻技巧了，尤其到现在，自己工作了之后更不会去翻技巧。

I once knocked my side rib down, and then there was a small bone crack, but it didn't break the bone. After that, it will be uncomfortable on rainy days, and it will become rheumatism..... Then dancing for a long time can also be painful. In fact, the most important thing is psychologically, psychologically, I will no longer turn over skills, especially now, after I work, I will not go to turn over skills.

Participant 10

有一次艺考集训的时候做后空翻，然后翻过去之后落地的时候，就没给够力，只给了一半的力，按理说是脚着地，但是我头着地。在头着地的情况下，我用手去护我的头，然后手肘就骨折了一下。从此我就再也不敢往后翻了，我只敢往前往。身体上对身心理上的阴影是极大的，然后就不敢往后了，而且手臂到现在都有问题。

Once, when I did a backflip during the art examination training, and then when I landed after flipping over, I didn't give enough force, only half of the force, it stands to reason that my feet hit the ground, but I hit my head on the ground. With my head on the ground, I used my hand to protect my head, and then my elbow broke. From then on, I didn't dare to go backwards, I only dared to go. The physical and psychological shadow is huge, and then I don't dare to go back, and I still have problems with my arms.

Interview question: Do you need to juggle your studies and culture while studying dance? How many categories of specialized courses do I need to study? Is this juggling of learning challenging or stressful for you?

Participant 6

最开始我觉得挑战还是挺大，因为一心不能二用，可能我没办法在同一时间内就同时把两件事情都做好，所以在学习文化以及舞蹈的这个时间段，就它会有一个前后顺序，可能在学习舞蹈的时候有将近半年的时间我会集中的训练，然后剩下的时间就会将重心放在文化上面。

At first, I thought it was quite a challenge, because I couldn't do two things at the same time, so during this period of learning culture and dance, it would have a sequence, maybe I would concentrate on training for nearly half a year when I was learning dance, and then the rest of the time would focus on culture.

Participant 3

我认为这个模式既有优点也有缺点。如果你整天或一周学习专业课程，你可能仍然很累。如果有文化课程的协调，我认为这在体力和能量方面是一件好事，而且肯定会更有精神意义。

I think this model has both advantages and disadvantages. If you study professionally all day or a week, you may still be tired. If there is the coordination of cultural courses, I think it is a good thing in terms of physical strength and energy, and it will definitely be more spiritual.

Participant 10

但是那个时候很紧张啊，必须还要考学，就是手不能动就在练腿，虽然这个受伤要休息，但我那个时候那只有继续练不疼的地方，不敢休息。

But at that time, I was very nervous, I had to take the exam, that is, I couldn't move my hands to practice my legs, although I had to rest for this injury, but I only had to continue to practice at that time, and I didn't dare to rest.

Participant 2

在研究生入学考试时，我感到充满了压力和挑战。当我还是一个本科或中学的时候，学习专业课程的时间在我的学习中更重要。然而，当我要参加研究生考试时，我必须在文化课程中达到一个标准的分数，所以在当时，我意识到文化课程可能会给我带来巨大的压力和挑战。

During the postgraduate entrance examination, I felt stressed and challenged. When I had to take the postgraduate exam, I had to achieve a standard score in the cultural course, so at the time, I realized that the cultural course could cause me great pressure and challenge.

Interview question: What is your current highest academic qualification? What are the graduation requirements to obtain the entire qualification? If you were to score it as a percentage, how difficult would you think it would be to get the qualification? What challenges did you face along the way? Can you share that specifically?

Participant 3

我觉得我付出了很多努力。首先，我参加了一些大师班和各种舞蹈学习的短期培训，在网上观看了舞蹈视频，去了现场舞蹈剧院等，还包括了一些专业的舞蹈书籍。我在编舞理论和实践方面的一些能力实际上是从零开始的。其次是毕业论文的参考书，它与中国传统美学有一定的关系，大部分内容都是古典汉语的。这种理解的时间成本和研究成本将会更高。你还需要掌握一些较新的知识。在这个过程中，你会比以前付出更多的精力。

I feel like I put a lot of effort. First of all, I took part in the short-term training of master classes and various dance learning, watched dance videos on the Internet, went to the live dance theater, etc., and also included some professional dance books..... Some of my abilities in choreography theory and practice actually started from scratch. The second is the reference book of graduation thesis, which has a certain relationship with traditional Chinese aesthetics, most of the content is classical Chinese. The time costs and research costs of this understanding will be even higher.

Interview question: Are you happy with your current job and income? Do you need experience working part-time to supplement your income?

Participant 1

当然对收入不满意，如果说没有一些额外支持的话，就指望工资早就死了。作为一个大学老师对我来说，这点工资连生活需求都满足不了。

Of course, if you are not satisfied with your income, if you don't have some extra support, you can count on your salary to die long ago. As a university teacher, for me, this salary is not even enough to meet the needs of life.

Participant 2

我之前积累的这些专业技能知识，还有学历等等，它对我的职业有帮助，但是他对我的经济收入好像并没有起到多大的积极作用。因为其实作为老师来说。收入只能基本的维持生活。

My previous professional knowledge, education, etc., have been helpful to my career, but they don't seem to have much impact on my financial earnings. Because actually, as a teacher. The income can only support the basic life.

Participant 7

看你的追求是什么？如果追求的是一个物质层面的话那这个投入与回报绝对不成正比..... 你要说是物质各方面那肯定不公平。

If your pursuit is a material level, then it is certainly not proportional, but he can get satisfactory feedback on the spiritual level..... When creating a piece I would suddenly feel that all my long-term persistence was satisfied in an instant, which could be well worth the hard work in the early stages.

Participant 2

我是 18 年第一次参加工作到目前，我现在工作了 6 年。最开始工作的时候一个月的工资很低。当我面对房贷压力和车贷压力加起来是很高额的一笔支出。我每个月如果只在学校里面上课不出去兼职的话。收入，包括车贷和房贷就是可能吃饭生活都成为一非常严峻的问题。

I first started working in 18 years, and so far, I have been working for 6 years now. When I first started working, I was paid a very low month. When I was facing mortgage pressure and car loan pressure, it was a very high expense. I only attend classes at school every month and don't go out part-time. Income, including car loans and housing loans, can become a very serious problem.

Participant 7

你说我们付出多少，从来学校也不会给你有任何额外的一些奖励，从来都没有。

You say how much we give, never the school will give you any extra reward, never.

Interview question: Do you need experience working part-time to supplement your income?

Participant 9

我必须要靠必须要靠必须要靠外面的一些培训，比如说艺考培训还有成人机构这些，然后来进行更多的经济收入。

I have to rely on some training from outside, such as art examination training and adult institutions, and then I have to make more economic income.

Participant 5

如果从收入方面我认为是完全是不满意，非常需要兼职来增加工作和收入的。以至于自己才会需要创建一个考研培训班，这才让我在我正常的工作外有更额外和满意的收入。

In terms of income, I think I am completely dissatisfied with it, and I need a part-time job to increase my work and income. So much so that I need to create a postgraduate training course, which will allow me to have a more additional and satisfactory income outside of my normal job.

Participant 10

因为我有了自己创建的一个平台，能够给我发工资，保证我的生活，所以我在高校这份工作的时候，高校他给我多少工资我其实没有太在意就算工资少一点，我也没觉得有多大落差。

Because I have a platform that I have created, I can pay my salary and ensure my life, so when I was working in a college, I didn't really care too much about how much salary he gave me in college, even if the salary was less, I didn't feel that there was much difference.

Interview question: Do the professional skills, knowledge, qualifications and accolades you have accumulated in the past give you the opportunity to enter professional dance groups and more professionals? Are you able to continue to expand your social contacts in the industry from an organised group or a professional?

Participant 10

你的经历和经验， 它其实就像一个一个商店的门面， 如果说你这个门面装修的好的话，那肯定更多的人会想要去认识你， 或者说是你也有更多的机会去认识更多不同的人。

Your experience and experience, it is actually like the façade of a store, if you say that your façade is well decorated, then more people will definitely want to know you, or you will have more opportunities to meet more different people.

Participant 7

我觉得专业能力是最好的一个交际.....其实我这个人不太擅长和别人打交道,但是我到四川重新开始也就是最近十几年，然后我在这里的舞蹈圈子就获得很多认可，也得到了很多老师的友情，所以我觉得也挺好的.....可以让更多认可你的人，或者欣赏你的人，大家相互吸引，聚到一起。

I think professional skills are the best way to communicate..... Actually, I'm not very good at dealing with other people, but I started over in Sichuan in the last ten years, and then I have gained a lot of recognition in the dance circle here, and I have also received a lot of friendship

from teachers, so I think it's also very good..... You can get more people who recognize you, or people who appreciate you, and everyone attracts each other and gets together.

Participant 4

像我拥有的这些学历背景和资历，申请硕士也比较好申请,也会有明显的回馈。

With the academic background and qualifications that I have, it would be better to apply for a master's degree, and there would be a significant return.

Participant 5

比如这次我参加访学， 如果我不发表我的论文和两篇优秀的评论，我将需要两位专家的联合建议和更高的出版要求。但我已经满足了所有的要求，我可以直接通过初审。这些积累有利于我的追求和提升到一个更高的水平。

If I do not publish my paper and two excellent reviews, I will need two joint suggestions from two experts and higher publication requirements. But I have met all the requirements, and I can directly pass through the first trial. These accumulation is conducive to my pursuit and promotion to a higher level.

Participant 1

2019 年，我去了国家艺术基金会，遇到了我生命中一个非常重要的人。她不仅拓宽了我的视野，激发了我的生活，而且还从我们两人的合作中吸收了很多营养。然后我开始创作我的很多作品。这些作品也得到了艺术基金会项目和各种比赛的资助，并得到了专家们的高度认可。

In 2019, I went to the National Endowment for the Arts and then met a very important person in my life. She not only broadened my horizons and enlightened my life, but also drew a lot of nourishment from the collaboration between the two. Then I started to create a lot of my works ..... These works have been awarded with grants from the Art Fund and various competitions, as well as a duo work that has been highly recognised by experts.

Interview question: Have these social resources in your area of expertise helped you improve your professional skills? Or better advice and guidance? Can you share them specifically in the context of the incident?

Participant 8

学院一些老师和专家，其实他们来看你的作品，他们真的会很一针见血的指出问题，直接告诉你应该怎么去做，应该把什么东西改掉，甚至他们会给你编创动作,我也从中受益匪浅能力有所提高。

College some teachers and experts, in fact, they come to see your work, they will really point out the problem, directly tell you how to do, what should be changed, and even they will give you to create action, I also benefited greatly from the ability to improve.

Participant 10

引进我的是我们单位的执行领导就系主任，我跟他的关系之前是国家艺术基金的同学。

The person who introduced me was the executive head of our unit in terms of the department chair, and my relationship with him was previously a classmate of the National Endowment for the Arts.

Participant 5

在我的学习访问中，我遇到了很多我以前只在这个领域阅读过的老师和专家。当我有专业问题，或者当我想去找一份新工作或攻读博士学位时，这种关系肯定会帮助我，这是对我有利的一个非常直接的因素。

During my study visit, I met a lot of teachers and experts in this field I had only read before. When I have professional problems or when I want to jump to a new job or study for a PhD, this relationship will certainly help me, which is a very direct factor in my favor.

Interview question: Have you encountered challenges and barriers to employment or financial income?

Participant 8

因为我是一个男生，其实男生只光顾着自己的话，现在这种工作和兼职的收入完全就够用了，但是因为男生需要面临家庭，我觉得就现为止的年龄，包括自己当下的机会去承担这个还是很困难，很有压力。

Because I am a boy, in fact, if boys only patronize themselves, now this kind of work and part-time income is completely enough, but because boys need to face the family, I think the current age, including their own current opportunities to bear this is still very difficult, very stressful.

Participant 5

组建家庭有需要面临买房嘛，我虽然工作量了 5 年但是我目前住房公积金到现在都没到达四万，是我所在城市执行贷住房贷款最低的一个标准都没达到.....压力还是很大的。

Starting a family requires buying a house. Although I have worked for five years, my current housing accumulation fund has not reached 40,000 yuan, which is the lowest standard for implementing housing loans in my city,..... The pressure is still very great.

Interview question: Are the challenges and obstacles you are experiencing lowering your career expectations and sense of accomplishment? Are feelings of frustration and burnout occurring in the course of your work?

Participant 9

当我们加入大学时，工资是常态。后来，疫情过后，新教师的工资率增加了，但我的工资根本没有变化。到目前为止，我们身后的老师的工资差别很大，然后我感到不平衡和不满意。所以我不想认真地教书，通常我也不想在下课后在学校待一分钟。

When we join the university, salaries are the norm. Later, after the epidemic, the salary rate of the new teachers increased, but my salary did not change at all. So far, there is a big difference in the salaries of the teachers behind us, and then I feel unbalanced and dissatisfied. So I don't want to teach seriously, and usually I don't want to spend a minute in school after class.

Participant 4

我曾经有一种心态，只要我投入时间和精力来取得成果。但在未来，你会发现学生的水平和来源已经决定了你的薪水，我会更累。一开始，如果你没有意识到这个问题，你认为你可以承诺燃烧，但后来你意识到这不是你的问题。对吗？你怎么能不感到累呢？

I used to have a mindset that as long as I invest time and effort to achieve results. But in the future, you will find that the level and source of students have determined your salary, and I will be more tired. At first, if you don't realize the problem, you think you can commit to burning, but then you realize it's not your problem. Is that right? How can you not be tired?

Interview question: Have you ever experienced a physical or mental imbalance in the course of your work? Including some emotional or physical discomfort?

Participant 2

我上课或者是上班之外的时间肯定要投入去创作、排练和参赛。时间肯定要的，有的时候就会熬夜，包括某一个困难没有办法去及时解决，可能我就会失眠。

When I am not in class or at work, I must be engaged in writing, rehearsing and competing. Time is definitely needed, and sometimes I will stay up late, including a certain difficulty can not be solved in time, which may cause me to lose sleep.

Participant 1

工作阶段我的排练是比较多的，我的排练几乎是每天都有，每天都在上课。回家了之后，我还是需要一定的时间和空间来构思作品创作相关的思路和想法，有时候还是非常的疲惫。

I had a lot of rehearsals during the working phase. I rehearsed almost every day and took classes every day. After returning home, I still needed some time and space to formulate ideas and ideas related to the creation of works, and I was still very tired sometimes.

Participant 7

我会投入大量的无偿的创作时间和劳动时间，以及投入大量的，包括我们经常半个假期或者节假日和自己的业余时间。为了事业我现在和丈夫，你知道的，长时间的两地分居。还有我妈妈，包括我的爸爸，这个学期我刚刚开学，我妈就摔了就下病危通知了。我赶紧跑回去，等他老人家正常了，我待了不到一周，然后学校这边的排练又紧张，我又返回来，我到现在我回去看她，就对家人有亏欠。包括我自己年龄现在其实也在这里，要兼顾这么多东西，我说好像顾不上自己的身体了。

I will put in a lot of unpaid creative time and labor time, and put in a lot of, including we often half a vacation or holiday and my own spare time. I'm currently separated from my husband for my career, you know, long periods of time. And my mom, including my dad, I just started this semester, and my mom fell and she was critically ill. I quickly ran back, and when he was normal, I stayed less than a week, and then the school rehearsals were tense, I returned, and now I go back to see her, I owe my family. Including my own age is now actually here, to take into account so many things, I said as if I did not care about their own body.

Participant 4

在工作中每个人都有自己主观的意见，就是会跟别的同事有意见不合的时候或者是你跟同事一起去做什么事情人你很认真，你很想要一个好的结果，但是人家是敷衍的，那你就会对他们很生气或者很失望，真的会影响自己的心情。

At work, everyone has their own subjective opinions, that is, when you disagree with other colleagues or when you do something with them, you are very serious and you really want a good result, but they are perfunctory, then you will be angry or disappointed with them, which will really affect your mood.

Participant 3

我认为最大的挑战可能是我们的学校非常严格，从上到下都非常严格。例如，领导面对着老师的高要求，然后老师就会问学生。领导力不仅要求我们做十项全能，其次，教学和科学研究必须关注.....我经常熬夜到工作，也许总是每天 24 小时发布工作新闻，这让我觉得生活和工作之间没有区别。此外，许多教师也会增加上课时间来提高教学质量。事实上，老师和学生都很累。

I think the biggest challenge may be that our school is so strict, very strict from top to bottom. For example, the leader faces the high requirements of the teacher, and then the teacher asks the students. Leadership not only requires us to do decathlon, secondly, teaching and scientific

research must pay attention to..... I often stay up late to work, and maybe always post work news 24 hours a day, which makes me feel that there is no distinction between life and work. In addition, many teachers will increase their class hours to improve their teaching quality. In fact, both teachers and students are very tired.

Participant 5

在教学评估期间， 很多事儿因为领导们没有想清楚，首先下的命令就错了。因为他们的原因， 让我们白干了两三天， 最后又让我们重来.....我们就要熬夜工作，情绪很低落， 因为好不容易辛苦做完了就白做，就很沮丧。

During the teaching evaluation, many things happen because the leaders do not think clearly, and the first order is wrong. Because of their reasons, let us work for nothing for two or three days, and finally let us start again..... We have to stay up late to work, feeling very low, because after all the hard work is done in vain, we are very depressed.

Participant 7

我现在有时候其实我心里有时候会有这种感觉，就是学生.....因为老师的最大的财富就是学生，喜怒哀乐也都来自于学生。但是其实现在有的孩子或者是有些学生，有着自己的一些自我意识，有时候就不好沟通或者你会突然觉得你对他的这种付出，他们可能意识不到.....其实有时候自己也在说服自己,不可能说全班 20 个学生或者你的研究生十几个学生都会对你那么感恩，就可能还是会有一些失落的情绪。

I do feel that way in my heart now, student. Because the teacher's greatest wealth is the students, and all the happiness and sadness come from the students. But in fact, some children or students now have their own sense of self and are sometimes difficult to communicate with them. In fact, sometimes I convince myself that it is impossible to say that a class of 20 students or a dozen graduate students would be so grateful to you that you might still have some disappointment.

Interview question: What made you choose to pursue a career in dance? What made you choose to pursue a career in dance and to persevere in the face of challenges and difficulties? Can you share your personal insights or experiences?

Participant 3

就是舞蹈它本身的魅力让我坚持下来的。其实我从一开始其实应该是对舞蹈没有太感兴趣，是在这个过程当中， 一年又一年的学习当中， 慢慢发现了舞蹈的魅力， 然后无法自拔。

It's the charm of dance that keeps me going. In fact, I was not interested in dance at the beginning, but in the process, year after year, I discovered the charm of dance, and then I couldn't help myself.

Participant 6

其实我最开始并不是特别热爱，但是当我慢慢的学习到更多的舞蹈知识，它涉及到到方方面面的时候，我觉得对我来说，不管是从思维，包括生活的各个方面吧，我觉得它的影响就对我来说非常的大。

In fact, I was not particularly passionate about dance at the beginning, but when I gradually learned more knowledge about dance, which involves all aspects, I think it has a great influence on me, not only in my thinking, but also in all aspects of life.

Participant 3

同伴的打气和陪伴和老师的谆谆教导让我坚持了下来. 当你觉得迷茫困惑的时候， 或者你想放弃的那个时刻。 你去求教,老师给你指导的这个方向肯定就是比较客观的， 而且以他过来人的这样一个经历以及包括他对你也是非常了解的情况下， 他给你提出了一些引导，我觉得是比较有比较有价值的。

The encouragement and companionship of my peers and the advice of my teachers kept me going. When you feel lost and confused, or when you want to give up. You go to seek advice, the teacher to guide you in this direction is certainly more objective, and with his experience as a passer-by as well as he knows you very well, he gave you some guidance, I think it is more valuable.

Participant 8

追溯到最根上，其实是真的要感谢老师们，尤其是我的导师，因为她对这个东西他是一种热爱以及师哥师姐和同学对于专业的态度,其实真的给我在学生时期就种下了一颗种子，这个种子它就会去往上去生长。

Going back to the root, I really have to thank my teachers, especially my supervisor, for her love for this subject and the attitude of my teachers, sisters and classmates towards my major. In fact, she really planted a seed for me when I was a student, and this seed will go on to grow.

Participant 1

是很多年前会觉得舞蹈只是我要做的一个事情，现在的感悟是舞蹈他更多的是在疗愈我自己。舞蹈对我来说是一种精神的养分。

Many years ago, dancing was just something I wanted to do, but now it is more about healing myself. Dance is a spiritual nourishment for me.

Participant 2

舞蹈是对于我精神上的一种养分，或者是说我对职业的一个初心坚守。

dancing is a kind of spiritual nourishment for me, or an initial commitment to my career.

Interview question: How has dance inspired your life? Has it affected the way you see things? Is dance important in your life or lives? Can you share a specific personal insight or experience?

Participant 6

我觉得舞蹈的影响对我来说非常的大.....影响是潜移默化的，就是对于自身的人生态度舞蹈会让我会更积极一点。

I think dance has had a huge impact on me..... "The influence is subtle. It makes me feel more positive about my attitude towards life.

Participant 7

在做舞蹈的过程中，我自己是有一种享受感的。舞蹈它也是一种舞蹈精神,可能舞蹈精神的那种美好，会把你的心里的一些不好的东西都去慢慢的去剔除掉，让你的思路更纯净。

In the process of doing dance, I have a sense of enjoyment. Dance is also a kind of spirit of dance, and the beauty of the spirit of dance will slowly remove some bad things in your heart and make your thoughts more pure.
